Complete Service

Photographs—reproduced in a catalog, circular, or used as salesmen's samples—that exhibit your product as you wish it to be seen.

Designs—that get your copy across and keep your advertising out of the waste-basket.

Engravings—faithful reproductions of the most detailed and delicate copy.

Electrotypes—that print as well as the original engravings.

These are the four steps that constitute complete printing plate service for the man who advertises.
